

ABOUT THE RESIDENCY

There is no fee for the residency.

The Studios encourages Residency Artists to use their time in Key West to experiment, develop new ideas, learn new skills, and interact with fellow resident artists and the community. It should be a time of rich exploration for Residency Artists, and we, as the staff, will help in whatever way we can to assist you.

We ask all artists in residence to participate in one event during their residency: **A community meet and greet** for the artists in residence on the 4th Wednesday of the month.

TRANSPORTATION

- Transportation to and from The Studios is the financial and logistical responsibility of each artist.
- Street parking is available for vehicles but is not guaranteed.
- Each artist will be provided with a bicycle, lights and lock, free of charge.
