A Planned Gift Testimonial

The Tom Majors Fund for Wood Artists

"Angie's dad, Tom, loved all things Key West and he loved working with wood to create things large and small. We established the Tom Majors Endowment Fund to honor his legacy by supporting and encouraging artists who work with wood. Unbeknownst to us when the Fund was established, it was a way of keeping Tom alive not only in our hearts, but in the Key West community."

The Studios of Key West's mission is to support artists, inspire creativity, and build community.

The Studios of Key West was founded with the vision of bringing world-class artists to the island, connecting them with local audiences and artists, and offering space for both to explore their creativity.

We've hosted Pulitzer Prize winners, world-renowned artists and musicians, and introduced thousands of students to new ways of seeing and working. Our Helmerich Theater stage bristles with talent, music from our rooftop concerts floods into the neighborhood and every month hundreds of people visit The Studios to take in new experiences and catch up with old friends.
